Universe 2024 offers more than 50 new Capsule presets available for Video editors as well as composers to stimulate their imagination. To improve the user experience and make Universe more user-friendly and enhance the user experience,, we've added Chinese and Japanese Localization options to Universe.

GENERATORS

Universe generators can be a great content source for your video projects. They can serve as visual fillers between your videos and animated backgrounds for your titles and even overlay video clips to make amazing effects.

EFFECTS

Make your video look authentic with vintage and contemporary appearances using tools such as VHS, Retrograde Carousel, Glitch, Holomatrix II, and many more.

TEXT

You can effortlessly create stunning text treatments in your NLE.

TRANSITIONS

Create seamless transitions seamlessly between videos!

UTILITIES

Explore all our tools, including tools for blurring modes and camera shake.

DASHBOARD

Utilizing Universe using the Universe tools in Premiere Pro and After Effects has never been simpler. A dockable Universe Dashboard integrates all the Universe tools in one location, making browsing and using the whole collection of tools and settings easy.

A fresh update to the Dashboard and the preset browsers gives the ability to access Maxon's Cloud Capsule Service and a search capability. Accessing the Maxon Cloud Capsule Service offers endless opportunities to expand the resources you count on to deliver rapid, high-quality results.

PRESETS

Each tool in Universe comes with presets that will give you a head start and deliver instant, professional results.

The ability to search Universe's massive selection of tools and presets by name cuts precious time off your work.
