平面设计   Premiere Pro

The Insignia Animation Intro is a versatile Adobe tool designed for creating brand logo animations or video intros.

How to create brand logo animations or video introductions?

You can use "Insignia Animation Intro" to design your project in Premiere Pro.

With 4K resolution capability, it offers a clean and concise logo introduction featuring a minimalistic corporate style and strokes animation. Ideal for corporate intros, game openers, ID channel bumpers, and strong video beginnings, this tool allows users to replace the logo with any title for an additional techno-opener effect.

"Insignia Animation Intro" Samples:

Notably, it is compatible with Adobe Premiere Pro CC 2021 and above, eliminating the need for Adobe After Effects.

Key features include 4K resolution, English software compatibility, no plugin requirements, easy editing, a control layer for adjusting settings, and a PDF help file. Users must install the required fonts beforehand. Additionally, the package includes free fonts, music, images, and videos for preview purposes only. The animation has a final duration of 6 seconds, with placeholders for one logotype and editable text.

Package information

The "Insignia Animation Intro," last updated on May 13, 2024, offers Motion Graphics Template Files compatible with Premiere Pro CC, providing users with an efficient tool for creating professional logo animations and video intros.
