Unity Asset - Rust Shooting Environment -- Game Optimized v1.0:

Enhance Your Shooting Game with a Stunning 3D Environment

Render Pipeline Compatibility:

Ensure compatibility with Unity's render pipelines: choose from the Built-in Render Pipeline for standard rendering, the Universal Render Pipeline (URP) for customizable and optimized graphics across various platforms, or the High Definition Render Pipeline (HDRP) for cutting-edge, high-fidelity graphics on top-tier platforms.

Description:

Elevate your shooting game with our meticulously crafted 3D Shooting Environment, designed to captivate players with its immersive visuals and optimized performance. Our commitment to creativity shines through in every detail.

3D Shooting Environment

- Immerse yourself in the finest 3D environment, featuring meticulously crafted characters, models, animations, and environments.
- Designed with optimization techniques tailored for mobile game development, ensuring seamless performance across devices.

Package Contents:

- 43 high-quality textures to enhance visual fidelity.
- 4 FBX files for easy integration into your project.
- 43 distinct materials to customize your environment to perfection.

Technical Details:

- Polycount optimized at 64K for optimal performance.
- Tries optimized at 90K for efficient rendering.
- Includes a mix of 4K and 2K textures for stunning visual detail.

Whether you're building a mobile shooting game or a high-end gaming experience, our 3D Shooting Environment provides the foundation you need to create an unforgettable player experience. Elevate your game today with our immersive environment, optimized for performance and visual excellence.
