

Aescripts Subtitle Pro v2.9.7 (Win, Mac)

2025-02-10 16:47:17 [label](#) [我要反馈](#) [下载页面](#)

Today with a lot of convenient features!

Produce Professional Subtitles Immediately in After Effects and Premiere Pro

Subtitle Guru is a Professional plugin allowing you to create subtitles for your videos straight in After Effects and Premiere Pro. You can import a .srt document or some other subtitles Format or compose your text. You are translating words by click. Sync occasions with one click. Not only a straightforward text for subtitles but create trendy ones!

New Changes:

- Now works on Aftereffects 2021
- Fixed the youtube importer bug and got all available languages.
- Fixed time indicator bug in the premiere

Significant:

- Please Notice that cartoon templates and markers aren't accessible in Premiere Pro for Today; we're working to bring these attributes in premiere expert also. That works Flawlessly on Adobe After Effects.
- Publish SRT files or compose Your text (Premiere Pro & Aftereffects)
- Youtube SRT importer - Speedy and simple just by replicating the youtube link (Premiere Pro & Aftereffects)
- Locate the overlaps of Subtitles occasion (Premiere Pro & Aftereffects)
- Animations Template Preview (just for Aftereffects)
- Sync involving Plugin and Aftereffects(just for Aftereffects)
- Alter all or any rows With useful and handy UI (Premiere Pro & Aftereffects)
- Translate sentences right Interior subtitle expert (Premiere Professional & Aftereffects)
- Control subtitles with Mark (on Aftereffects)
- Quick Look and Locate (Premiere Pro & Aftereffects)
- Import & Export the Subtitles in the most popular formats. (Premiere Pro & Aftereffects)
- Table View & AutoSave Workflow (Premiere Pro & Aftereffects)
- Different Subtitle Animation programs to select (available on Aftereffects)
- All encoding supported (utf-8, utf-8 with bom, ANSI, utf-16) (Premiere Pro & Aftereffects)
- Speedy Render (Premiere Guru & Aftereffects)
- Works on any Resolution (Premiere Pro & Aftereffects)
- Subtitle Expert is multi-purpose; with past subtitles, you can create lower-third cartoons and much more! (available on Aftereffects)
