12inchsounds: Nu Disco (WAV, MiDi): A sultry party vibe and flavorful poolside flavors are set and ready to be a smooth mix. This sample pack from the beginning is perfect for providing the rhythms that will warm the hottest dancing floors all the way from Miami up to Ibiza.

The sounds contained in this collection are ready for release and can be found with your favorite tracks in the genre. There are heaps of rich, warm as well as funky, synth-based hooks, an assortment of analog and live synth bass, acoustic and processed drum loops, and one-shot formats.

Each sound has been meticulously constructed from a variety of digital and analog software synths, signal processors, and FX equipment. There's everything you will need to build the perfect modern disco track starting from scratch.

In-depth, there are 426 MB of 24-bit WAV files that include 489 release-ready loops single-shots, as well as MIDI files. The whole thing runs at an enticing 120 BPM. Boogie-inspiring basslines, funky drums with catchy hooks, percussion, and top loops. Vintage, analog synthesized atmospheres and various FX.
