What is Natural Shadows Overlays Set?

A "Natural Shadows Overlays Set" typically refers to a collection of digital overlays that are designed to be added to photographs in post-processing to create natural-looking shadows. These overlays can be used by photographers, graphic designers, and digital artists to enhance the realism and depth of their images.

When using natural shadow overlays, it's important to pay attention to the direction and angle of the existing light in your photos to ensure that the added shadows align realistically. Additionally, you can adjust the opacity and blending modes to achieve the desired effect while maintaining a natural appearance.
