Analogica Lab Kodak Vision3 250D:

The Kodak Vision3 250D Film Emulation LUT by Analogica offers professional color grading for photographers, videographers, and content creators.

This hand-crafted LUT simulates the classic look of Kodak Vision3 250D 35mm film, adding vintage color tones, shadows, and a cinematic feel to digital shots.

The LUTs are compatible with major editing software like Adobe Premiere, Final Cut Pro, DaVinci Resolve, Photoshop, and Lightroom.

Easy to use, they allow for quick application and adjustments to color temperature, contrast, and exposure.

The pack includes two LUTs: one for Rec709 color space and one for Universal LOG. Elevate your projects with this timeless film style.
