Tutorial　　平面设计

In this course, we're going to learn how to make stunning title animations using Adobe After Effects CC and you'll learn:

- How do you design shapes in **After Effects CC?**
- How do I import videos in **Adobe After Effects CC?**
- How do you create and modify keyframes in order to make **seamless titles?**
- How can you utilize **mask techniques** to create **professional animations of text?**
- How do you create and animate **3-D text** using **Adobe After Effects?**
- How can you render your titles using **Alpha Channel** to make them available to **Adobe Premiere Pro**, **Final Cut Pro**,...
- How do you add **titles and animation** to your films?

This class is extremely simple to follow, even if you're a novice user of After Effects, you will easily follow the class!
