- 3500 kh 4000px
- 8 layers of smartness for each part
- The sample design is not included
- Simple structure
- Ask questions!

How to get work done

Save the file. Select the PLACE YOUR DESIGN HERE folder and choose the part. Click twice. Drag your design to the open document. Save the file and close it. You will be amazed at the final result. You can repeat the process with the rest of the smart layers. You can adjust the opacity for LIGHTS or SHADOWS layers. You can change the BACKGROUND color to any color that you wish.
