

Easy Animation With Procreate: Make Fun Gifs & Videos

2025-02-10 16:50:03 [label](#) [我要反馈](#) [下载页面](#)

Animation With Procreate: Make Fun Gifs & Videos: Do you want to add some spice to your online presence and expand your art beyond still images? Animation is the best way to go and is simple to make! In this course, you'll master three basic Animation techniques for creating looping GIF and video animations with The Procreate application on iPad.

This class is ideal for artists, illustrators, and anyone who enjoys drawing and would like to add new life to their artwork!

Through exercises and demonstrations, You will be able to learn the following:

- How to make an animation that wiggles? animation
- How to create an animating morphing animation
- How to utilize straight-forward animation
- Also, how to mix techniques to create more advanced animations

What you'll be making:

- When you finish the class, you'll be able to create a fun looping animation tailored to your style and gain practical animation techniques that can be applied to future animation projects.

What you'll need to complete the course:

- You only require an iPad, Apple Pencil, and the Procreate application. Procreate is a handy drawing tool, and I'll explain the tools to create animated videos that you'll love to send to family and friends.
