To search for similar products to Aescripts Voodoo,

Does this product work on Windows and Mac Os? We mostly include the operating system in the title. If it is not written, it will work on Windows, and you can for the Mac version.

Compatible with Element3D, Voodoo brings efficiency to pin tracking, handles generation, and advanced parenting. Say goodbye to the frustrations of tracking pins, juggling tools, and navigating through layers searching for elusive pins. Voodoo introduces a revolutionary approach to pin tracking and controller generation, elevating your precision and flexibility in animation.

The unique sequential pin parenting feature sets Voodoo apart, allowing you to quickly sequence parenting pins to accurately control position, scale, rotation, and even skews. This feature enables the creation of simple or complex rigs, delivering impressive results promptly. The Toggle function further enhances your workspace efficiency by allowing you to Show/Hide handles as needed.

Experience the fusion of functionality and worth with Voodoo's automated processes, intuitive pin management, and advanced parenting capabilities. Whether you're a seasoned motion designer or just starting, Voodoo's features cater to all skill levels. Upgrade your After Effects experience, unlock greater flexibility and precision, and unleash your creativity with Voodoo.

What is Aescripts Voodoo?

Aescripts Voodoo is an After Effects tool meticulously crafted to streamline your animation workflow by seamlessly integrating puppet tools and cutting-edge features. Whether you're a seasoned professional or a newcomer, Voodoo empowers you to craft captivating animations and designs effortlessly with its intuitive Pins system.
