Most important instruction:

- Open an image within Photoshop. Then, you must resize your image. To resize your image, select crop tools. On the to the menu at the top. There you will find W x H Reso three boxes. Write W 3000px, H 2000px, Resolution 72. Extend the area around your photo to get optimal results. Choose your background image, use the crop tool in the toolbar, and expand it to the entire sides. After that, press Enter button.
- Open your picture. And create a layer, then change the name to "paint" (in lowercase). Select a brush, and paint your photo. Then close the "paint" layer eye and continue to select the "paint" layer, then click the play button.
