Sniper Text Effect, Graphic Style - 217747844:

The "Sniper" text effect is a vector-based graphic style for Adobe Illustrator CC 2014 or later, designed to give headlines and titles a sharp and striking appearance.

It is fully scalable without losing quality, with organized layers for easy color customization.

The effect is added to the Graphic Styles panel, making it instantly ready for use and print.

The package includes an AI file, EPS file, Graphic Styles file, and instructions, and is compatible with Adobe Illustrator CC2014 or newer versions.
