The Haspier Straight Script Font Creative Market:

Haspier is a modern, bold script font featuring sharp, handcrafted curves on its edges. Ideal for branding, logo design, lettering, clothing, posters, and other design projects, it includes both uppercase and lowercase letters, punctuation, symbols, and multilingual support. The font offers standard ligatures, an alternative style, and is PUA encoded. The package includes TTF, OTF, and WOFF file formats. For full OpenType feature support, programs like Adobe Illustrator, Photoshop, InDesign or Corel Draw are recommended.
