Lomo Love, It's about nothing else than love, the passion for digital photography. The passion of love, not be a hater. While there is a sale of Lightroom presets on this site, however, they're not the sole focus at this time. Lomo Love is a project that Lomo Love project is meant to offer you presets while at the same time creating donations. Right now the refugee aid agencies have to handle more than they are. 8 million refugees from war are expected and will be added to refugees who are arriving over into the Mediterranean as well as in the Balkans and I am convinced that we must aid all people who are in need. It is the Lomo Love project that aims to help with these efforts.

I'd like to contribute to private sea rescues as well as aid organizations that care for the many people who are from Ukraine. All profits from the sale of Lomo Love Presets will be given away and equally distributed to diverse organizations, including SOS Mediterranee as well as Mission Lifeline so that we do not only help in a specific way but rather more widely. Doctors Without Borders are also doing a great job. Through my newsletter, I will inform you each month about how much money we have been able to raise and how the program is progressing. There is a chance that things will get better eventually and we could consider different goals. For the time being, I'd like to do something. Let Putin be a shit, but we don't have to go along with it.

The title says it all it's about Lomography films. In the beginning, we'll look at Lomo 100 400, 800, and 100 and then imagine them in various ways. Overexposures and underexposures, regardless of whether the film is expired or was edited too warm or cool in the scan and or was too warm, Lomo Love presets map all of this in 31 presets. There are also fundamental variations that are Lomo 400 and 800 Classic Film Presets 2021, but we'll go one step deeper and treat these highly sought-after films with a lot of care for the details.

This software will work in conjunction with Adobe Lightroom CC (cloud version that is cloud-based), CameraRAW (10.3 and above) and Classic CC (7.3 and above), and Lightroom 6. To make use of them in conjunction with Lightroom Mobile, you'll need a Lightroom CC or Classic CC running on Windows as well as OS X.
