NCH Pixillion Plus v12.52 (Win):

Pixillion is a fast, stable, versatile image report converter that helps various codecs, including JPEG, PNG, GIF, TIFF, RAW, HEIC, PDF, and more. It allows customers to easily convert, resize, compress, and follow filters to photos in batches, making it perfect for processing vast numbers of images quickly.

Pixillion also gives features like including captions or watermarks, adjusting hues, and previewing photos before conversion. It helps popular conversions along with HEIC to JPG, PNG to ICO, and CR2 to JPG, amongst many others.

The software simplifies converting images for net use, mobile devices, and email with its person-pleasant interface and one-click operation. Additionally, it allows customers to tweak images fine and alter metadata throughout conversion.
