This collection offers a vast assortment of doors as well as mechanisms and actions. From ordinary furniture and doors for apartments up to elevator doors that are freight-oriented. Each Door was recorded from a closed location using an MS or XY configuration. 3.5 billion of door-banging (and clicking, creaking, and so on) content! Over 2,100 sounds are contained in 350 files.

WHAT We recorded

90 doors, and furniture

- Room Doors - Wood, Steel
- Doors for security
- Gates are e.g. garage door, sliding door
- Furniture such as cupboards or chest of drawers refrigerator and locker
- Additional items related to doors, like key chains and mechanical devices (e.g. keys, door chains, door bolts, punch cards, knobs, etc.)
- Sliding doors
- Doors with electric motors
- Lift doors

What's so special about this book?

Door sounds are often not recorded but are essential to bringing authenticity and energy to any video. Our MICRO DOORS library is open to you to an amazing collection of FOLEY DOOR sounds that were recorded both dry and with genuine authentic Reverb.
