Blender Market – Idea Gen v1.3: Are you unsure of what to create using Blender? With Blender's **unlimited possibilities** it can be hard and lengthy to select an object to model or sculpt. Idea Gen picks and pairs random ideas in Blender's interface. Blender interface! Idea Gen serves as an idea generator tool, for users of all levels of experience.

Simple and Convenient!

Idea Gen will help anyone in developing their own unique and unique concepts using an easy interface. It is accessible under the tab 'N' on the right side > IdeaGen.

1. Go to the right tab ('N Key Tab) within Blender.
2. Select the first category you want to choose.
3. Select the second category.
4. Hit the "Generate Ideas Press the 'Generate Ideas' button
5. Create as many ideas as you like!

The benefits from Idea Gen!

- Accelerate your ideation stage to model or sculpt
- It is extremely convenient since the addon can be found directly within the Blender interface at any time you need motivation
- Utilize randomization as a starting point to create your own ideas
- Advanced users can also add their own ideas by list editing using Python
- Ideal for 3D and 2D artists.
- A variety of categories and concepts to pick from
- Mix different categories to create even more specific and diverse concepts
- Do you not want to select one of the categories? The buttons for categories are random within the "Extra Panel"
