SOUND EFFECTS

Toolroom The Sound Of Toolroom Vol. 2: Toolroom Academy proudly presents the second edition of "The Sound Of Toolroom" A vast collection of basslines and beats along with melodic synth loops as well as one-shots that can be used to build the next big stage Tech House banger. The music was created, edited, and tested by emerging Toolroom artists like Ellis Moss, Crusy, and Simon Kidzoo. This library includes a variety of house music styles from the present and is applicable to a range of genres.

Every loop and hit have been meticulously crafted, then mixed and recorded by our in-house engineers to ensure that it is up to the highest standards of quality that we expect from the label. The Toolroom-themed blocks let you be motivated and give the weight of your music while integrating into existing designs effortlessly. With 45 drum loops dissected available, it is easy to cut, edit, or make completely new beats. A vast section that includes more than 70 synth loops, and 60 bass loops, takes care of all melodic requirements and this one-shot file is packed to the max with claps, kicks as well and hat beats, as well as an impressive folder of useful effects.

We're certain that the upcoming version of "The Sound Of Toolroom" contains everything you require to produce chart-topping songs that make dance floors sway around the world.
