**Slideshow Glossy Gold Vintage Frames VH-7616685:** We are very excited to release "Vintage Frames," a Modular project in AE CS5 or above with four Different Baroque / Victorian frames animating into your screen, as if "breathing" for a few minutes.

A Titles Composition that includes three text placeholders, as well as an elongated 20-second composition that has more than 33 placeholders that you can easily duplicate with the help of TrueCompDuplicator or manually repeat it over and over perfectly while tuning and adjusting the Focus on each one in a unique way. Including AE's built-in camera lens blur Effect.

Pre Rendered Flares. Ideal for weddings, presentations, or Photographic Albums and Broadcast and Family! High Definition, 24-FPS, and Alpha Maps are all included, so with basic AE skills; you'll have access to that "Depth of field" Adjustment layer and "play" with the Focus shifting.
