# Brushstrokes for Premiere Pro (Videohive 33360615)

2025-02-10 16:43:17　　label 我要反馈　　下载页面

These animated brush strokes will make your videos stand out. Brushes can be used as backgrounds or frames for titles, icons, and other elements. You can decorate your social media posts to make them more appealing and attractive. It is very easy to customize within Premiere Pro. All elements can be used with or without background footage, or any other graphic elements.
