The 90s are all the trend nowadays. Find that vintage analog film look using this set of presets! This pack offers the perfect mixture of cool tones as well as warm tones to create a range of different editing techniques. The presets focus on bright reds, yellows, and blues that are toned into the 90's-inspired spectrum. They're very adaptable and can be used in every kind of photography!

Edit your photos easily and enjoy the timeless beauty of the decades gone by. With just one click, you can make your photos look sexier and appear. You can also alter the individual settings for each of the pre-set and even customize the settings. The creative possibilities are virtually endless. If you're looking for a bargain the 1990 Retro Presets is an amazingly excellent price!

Reduce your time to post-process.

- You can recreate the classic look with only one click.
- Enhance workflow using high-end 1990s professional Lightroom Presets.
- Reduce editing time by half. It's as simple as 1,2,3.

All of our presets are 100% nondestructive, which means that you can easily reset them with one click back to your image's original state, ensuring that the original Raw image is secure.

Editing images in Lightroom as well as Adobe Camera Raw has never been simpler.

- **1.** Apply a preset.
- **2.** Adjust Exposure and White Balance.
