

Unreal engine - Chinese Medieval Country side Farmer House v5.0

2025-02-10 16:47:02 [label](#) [我要反馈](#) [下载页面](#)

Unreal engine - Chinese Medieval Country side Farmer House v5.0: Introducing a modular medieval Chinese farmer's house designed to offer flexibility in layout while maintaining authenticity and historical accuracy. With 47 static meshes and 25 materials/material instances, this house provides a richly detailed environment for your projects.

- **Modular Design:** The house is modular in design, allowing for relatively flexible changes in layout to suit your needs.
- **Collision:** Automatically generated collision ensures seamless interaction within the environment.
- **LODs:** Levels of Detail (LODs) are included to optimize performance across various platforms.
- **High-Quality Textures:** With 69 textures at a resolution of 4096x4096, the house boasts detailed and immersive visuals.
- **Supported Platforms:** Compatible with Windows, making it accessible to many developers and creators.
