To search for similar products to Cinetools Cinematic Hits Sci-Fi,

With 50 fully loaded, powerful hit sounds that will make your compositions stand out and speed up your workflow, add them! The sounds are all highly detailed, layered, and altered so that they are easily added to your compositions.

Each sound was recorded at 24bit/192kHz and designed and produced at 24bit / 96kHz to ensure the best quality needed for today's film production. The samples were then modified for immediate use in your creative processing. Recorded using Rode NTG-3 Rode NT4, Rode NTG-8, Rode NT1, Audio-Technica BP4025, AKG C411 PP, Sound Devices 722, Sound Devices MixPre-10T Zoom F8, Zoom H6, Tascam Dr-100 MKIII, Tascam DR-44WL.. The samples are pre-approved and are unique and royalty-free for your use without additional licensing costs.
