Mostfear Font 4535478: MOSTFEAR - is a traditional serif font that can be used now. It's suitable for magazine cover design, such as headlines and sub-headlines. And being an open-type font, it can also work well for logo designs or prints like letterheads, business cards, envelopes, folders, and newspaper headlines.

While it's a retro fashion, this typeface can look stunning if you desire a simple and sleek contemporary design.
