Slideshow Mosaic Multi-Screen:

This project template offers a highly customizable and dynamic video editing solution with 30 unique scenes. Each scene includes options for full-screen visuals, 10 multi-screen layouts, and 10 transitions, all easily adjustable with a single click. Users can tailor transitions by changing their direction, color, softness, and speed. The grid's thickness, corner rounding, and color are adjustable, ensuring creative flexibility. Designed for After Effects CS6 and above, the project supports full HD and vertical resolutions. It's beginner-friendly, requiring no additional plugins, and comes with a detailed help file for easy setup. Preview video and music are not included but can be accessed via provided links.

Scene Setup:

- 30 customizable scenes with identical extensions in settings.
- 30 photo or video placeholders (full-screen image options).
- 10 multi-screen layouts per scene (selectable with one click).

Transitions:

- 10 transition options per scene (easy to customize).
- Adjustable transition attributes: direction, color, softness, and speed.

Grid Adjustments:

- Customizable grid thickness, corner rounding, and color.

Resolution:

- Full HD and vertical formats, 29.97 FPS.

Text Holders:

- 30 text placeholders across all scenes.

Ease of Use:

- No plugins required.
- Beginner-friendly with a detailed help file included.
- Quick customization with intuitive settings.

Compatibility:

- Supports After Effects CS6 and higher.

Other Details:

- The duration of each scene is adjustable to 20 seconds.
- Preview video and music are not included but are linked for user reference.
