**Subsonic Artz Origin for u-He Diva:** Origin has been created using and for the powerful DIVA (1.4.3) VSTI from UHE.

To bring this idea to fruition, We've drawn inspiration from the past of space exploration, as well as many films such as The Alien series, The Chronicles of Riddick, Moon, The Martian, and Avatar...

Origin was created to give you an instant immersion in the vastness of space and also into

cinematic, cosmic atmospherics, and many famous sounds from space FX.

We hope you enjoy this set the same way as when we created this set...
