### What is Fresh Air Presets?

a preset pack named "Fresh Air Presets." Preset packs typically refer to pre-configured settings for photo editing software like Adobe Lightroom or other similar applications. These presets allow users to apply specific styles or looks to their photos with just a click. Presets are pre-defined settings in photo editing software, such as Adobe Lightroom, designed to apply a specific look or style to your photos. They can be created by photographers, artists, or companies and are often shared or sold for others to use.
