Nicole Ivanov - The Wedding Collections:

The Wedding Collection Preset Pack created by Nicole Ivanov consists of 22 naturally and classically inspired wedding photography presets that will enhance any photograph. There are 18 color presets and four black-and-white ones that ensure balanced tones that expose the natural beauty of each moment. The presets are compatible with Adobe Lightroom Classic and Adobe Camera Raw for photos taken with Auto White Balance. Moreover, it excludes support for JPEG files. Although each photo may require some tuning, the collection allows most of the work to be done for photographers who want a beautiful and natural outcome.

Preset Details:

- 22 presets (18 color + 4 black-and-white).
- It is intended for wedding photographers to work under different lighting conditions efficiently.
- They are designed to ensure that the photos emitted are authentic and accurate.

Compatibility:

- Adobe Lightroom Classic (desktop only, version 7.3+).
- Adobe Camera Raw.
- Lightroom's JPEG files and mobile versions are not supported.

Guidelines:

- The software should mainly be worked on RAW file images.
- The software is most effective on images captured with Auto White Balance Setting.

Installation Instructions:

- It is essential to extract the ZIP file that was downloaded.
- Within Lightroom Classic, navigate to the Detailed View after parsing the respective folder.
- To load presets, locate the specific section and click on the "+" then click Import Presets.
- Once the (.xmp) files have been imported, they will be in the presets folder.

Disclaimer:

- Some photographs may need adjustments.
- There is no universal preset fitted for every image.
- Setting the camera correctly during shooting is essential to get acceptable output.
