Brittany Pro Lightroom Presets By Creativetacos: This tool was designed by a professional designer to add personal touches to your images. You can easily add an orange-teal, high-contrast, faded, or faded look to your images. These images will appear brighter and more vibrant, while also adding cooler, blusher to cooler touches. This preset can be used by both amateur and professional photographers. This preset creates beautiful moods and a consistent style in the images. You can use the filter collection in many settings, including fashion photography, product photography, and wedding photography.
