GraphicConverter v12.3.1 - 6723 (Mac):

GraphicConverter is a widely respected photo editing software for Mac, often referred to as the "Swiss Army Knife" of image editing due to its versatility.

With over 1.5 million users ranging from hobbyists to professionals, it combines an extensive feature set with user-friendly design, stability, and reliability—all for an affordable price of 34.95 Euros or 39.95 USD.
