Epic Rock Logo – Motionarray 784389: Epic Rock Logo is strong After Effects template using rotating 3D stones that twist around to reveal your emblem. It comprises 1 logo placeholder and one text placeholder. An epic introduction for your Sci-fi movies and films, trailers, teasers, promotions, events, presentations, slideshows, Facebook, and YouTube videos. Impress your audience with this amazingly designed and eccentrically revived AE template. No plugins needed.
