Blender Market

Blender Market - Glared – Light Fx And Flare In Blender is a real-time light leaks generator for Blender, compatible with both Cycles and Eevee.

How to apply lighting effects to 3D scenes, photos, or videos in real time?

You can use "Blender Market - Glared – Light Fx And Flare In Blender" to design your project.

This user-friendly add-on creates film-like light effects such as glow, ghosts, and streaks directly in the viewport. It can be applied to 3D scenes, photos, or videos in real time, with a threshold value to activate various filters.

 Additionally, GLARED includes features like chromatic aberration, vignette, and sharpening effects. Users have control over parameters such as ghost intensity and scale, glow intensity, streak length and color, and more.
