Graffiti Collage Photo Effect - 280537311:

Graffiti Collage Photo Effect is a tool for creating striking, customizable images in Photoshop.

Featuring Smart Object layers, it allows users to easily replace placeholder images with their own, then make final adjustments to achieve a unique graffiti-style collage effect.

The package includes two high-resolution PSD files, sized at 4500x3000 pixels and 3000x4500 pixels, both at 300 dpi, ensuring high-quality results.
