Twig & Olive: Rustic Matte Vol. 2:

The "Rustic Matte Volume II Lightroom and ACR Preset Pack" by Twig & Olive is a refined collection of presets for Adobe Lightroom and Adobe Camera RAW (ACR).

This second edition of the original popular pack continues to offer a vintage aesthetic with warm tones and subtle film grain, enhancing images with a mature color palette.

These presets work best with photos taken in open shade or during the golden hour, providing a reliable starting point for editing.

While they streamline the workflow, adjustments to exposure and white balance are often necessary due to varying lighting conditions.

Other factors, such as camera settings and shooting angles, play a significant role in achieving the desired outcome.

Note that these presets are not compatible with Adobe Photoshop or Photoshop Elements.
