**Broadcast Package 3 - AE Project VH-50014333:** Compatible with After Effects CS6 and higher, this package offers a versatile set of assets for your project.

This comprehensive package caters to various needs, providing a range of scenes and elements for your After Effects project. Its compatibility with After Effects CS6 and higher, self-contained nature, and quick rendering capabilities ensure a convenient and efficient editing process.

- Fourteen unique scenes in high quality.
- It included components: 2 Advertising scenes, a Background Loop, a Bumper, a Commercial Break, 3 Logo scenes, 4 Lower Thirds, and 3 Screen scenes.
- The entire package is designed for a 1920×1080 resolution.
- Everything you need is included in the package; no additional plugins are required.
- Quick and easy rendering ensures a smooth workflow.
- The project lasts 30 minutes, making it suitable for longer content.
