Domestika – Interior Mural Painting: Learn the essential techniques to paint interior murals and turn yourself into a professional artist.

In this online course, Trini Guzman, a renowned artist and lover of murals, will lead you on an exciting adventure of authenticity and inspiration. Learn about the possibilities of walls as canvasses and learn to communicate your thoughts and feelings with impressive murals.

No matter what degree of expertise, Trini will teach you drawing, painting, and collage techniques to ensure you can conceptualize and transform your idea into a stunning mural. Learn about the concept of color theory, the effect of space and art for wall paintings. Discover how to create fun and character spaces and transform your space into expressive canvasses.

In this class, you will learn how to express yourself with murals. Beginning with this, you'll learn about the various types of murals and their impact on the space they reside in. After that, you'll get your creative skills in painting, drawing, and collage exercises to help you visualize the mural you want to create.

Then, you will be taught how to sketch for various settings and practice techniques with paper stuck to the wall. In the end, you'll sketch the image on the wall beginning with the first brush strokes.

Continue with the color planes. You will apply textures, and finally, you will present the final details. When you finish the course, you can design enjoyable and inviting environments with mural painting.

What is the purpose of this course's assignment?

The final assignment of this course is to create an artwork within your home, incorporating it with your style and personal style. It will transform a bare space into a distinctive and meaningful artwork, infusing colors, shapes, and feelings that express your unique spirit. This course will enable you to practice all the techniques and skills gained during the course, making a visual impact on the environment and leaving an impression of art.

Who do you think this online course is for?

This course is designed for decor, color, and art lovers who wish to fill their homes with enthusiasm and character. If you're seeking to express yourself through art and turning your living spaces into vivid canvases, This course is perfect for you. It doesn't matter if you are beginning or have prior experiences in art. Trini Guzman will take you step-by-step through making striking and significant murals.

Requirements and Materials:

For this course to be completed, you'll require the basics of painting supplies, including brushes, paintbrushes, watercolor paint (enamel and acrylic), adhesive tape, and a ladder. It would be best to have some basic drawing abilities, though they're not required. Most important is your passion to discover and expand your creative side through artwork.
