Unreal Engine - Modular FPS Arms pack:

This versatile arms pack offers a wide array of customization options, allowing you to create diverse soldiers representing various countries. Here's what it includes:

- **Modular Components:** Divided into gloves, sleeves (including naked arms, shirts, rashguards), watches, and patches, providing flexibility in customization.
 - **Color and Camouflage Presets:** With 24 ready presets mimicking real special forces, along with the option to create your own patterns and colors.
 - **Divided into Sets:** Each set (gloves, sleeves, etc.) can be customized separately, with a smart material system enabling detailed adjustments for fabric, plastic/metal parts, and palm elastic.
 - **Animation and Rigging:** Utilizes the standard UE mannequin, ensuring compatibility with marketplace animations or free packs from Epic.
 - **Camo Textures:** Includes 10 tiled camouflage textures from modern armies worldwide, covering variations like Multicam, MARPAT, pixel patterns, and more.
 - **Texture Quality:** Character textures are provided in 2k and 4k resolutions, with the option to downgrade as needed.
 - **Mesh Optimization:** Designed for optimal performance in close to mid-range distances, with four LODs available for each mesh.
-
- 14 gloves meshes, 4 sleeves meshes, and 4 watches meshes, each offering different hand positions.
 - Showcase scene for easy customization.
 - 264 material presets for quick application.
 - Smart materials system for gloves, skin tattoos, sleeves, and patches.
 - 8 preset patches representing various countries.
 - Over 12 variations of arm tattoos.

With its modular design, high-detail meshes, and extensive customization options, this arms pack is suitable for high-quality games and cinematics, providing everything you need to create realistic and diverse soldier characters.
