To search for similar products to Plotter - aescripts + aeplugins v1.0 (WIN),

Does this product work on Windowns and Mac Os? We mostly include the operating system in the title. if it is not written, it will work on Windows, and you can for the Mac version.

Transform your images and footage into vector art by using various algorithms

- Give a unique look to your videos/animations
- Get the best result by fine-tuning it by adjusting a variety of options
- The composited result is then layered with the footage originally shot
- Colorize by using colors that match the original
- ... Or have fun or play RGB or CMYK colors!
- Export as an SVG document or transform it to shape Layer
