15 Coastal Cowgirl Lightroom Presets:

This product consists of a compilation of 15 Lightroom presets aiming at adding a touch of soft and warm tones to your photos. The presets are very general as they add value with changes in tone, exposure, and color balance. Each preset has been modified after perfecting them for various types of photos. It is good to keep in mind that these presets should be treated as a base, as every picture has to be edited after considering the unique lighting and color of each specific photo.

Includes:

- 15 Mobile Presets (DNG Format)
- 15 Desktop Presets (XMP Format)
- 2 PDF Installation Guides

Important Notes:

- Commercial and Extended Commercial licenses in CVR Presets forbid the re-sale and re-distribution of these templates.

These presets are meant to be already tested in advance, however, it is crucial to understand that they are intended to be a guide for editing real photos.
