Mirror Dispersion Effect - 278374527:

The "Mirror Dispersion Effect" is a Photoshop action designed to enhance photography with stunning mirror dispersion effects, making it ideal for photographers and designers seeking unique visuals.

This user-friendly tool allows for image enhancement in just a few clicks without requiring advanced skills.

The action includes options for hologram color effects, adjustments, dispersion, motion, mirror effects, and background color changes, with all layers fully editable for complete customization.

The product includes a Photoshop action file (ATN), pattern file (PAT), 10 high-quality HUD backgrounds, 10 lens light transparent PNGs.

It features over 20 unique color adjustments, organized and named layers for easy editing.

The action is compatible with Photoshop versions CC2015.5 through CC2023+ on both Mac and Windows systems, provided they are in English.

This tool is perfect for both professionals and hobbyists looking to transform their photos into captivating works of art.
