Event Intro (Videohive 34549132) - AE Project: Event Intro is a top-quality easily organized and customized template that is easy to customize. It can be used to promote a special event or sport openers, as well as for video presentation, and fast and minimal corporate promotional. Create a travel-themed intro and clean slideshow. It can also be used as an event opener and animated slides. Make a video to upload on YouTube and Vimeo or any other media hosting websites. Create your own demo reel for magazines to show your portfolio, with a rhythmic introduction, opener for special occasions, app, or commercial promotion. Make use of it for TV shows or fashion shows and make your media look more sophisticated and shine. Create motivational stories or a company's history video trailer simple and scrolling slides to showcase a new brand educational video or tutorial. Post the video on Facebook, Instagram stories, Twitter, or any other social media platform and amaze your friends.

The template is modular in a structure that allows you to modify the duration of your project. The project includes a video tutorial, even if it's your first time running the software After Effects you can easily finish the job. Drop your image or video, modify the text, add audio, and be amazed by the results!
