SESSIONS: MIDI Collection High Level MIDI Compositions Derived From Professional Pianist Sessions

We've had the pleasure of spending a lot of hours working alongside gifted piano players to document their skilled playing and translate the session to MIDI compositions.
You'll be able to access an array of diverse MIDI files, in a variety of styles to add a sophisticated human touch to your tunes.

SESSIONS: Bass Collection Powerful Bass One Shots To Push Your Low End To New Heights

To tie it all up This section of SESSIONS concentrates on hand-processed bass one-shots that are optimized to enhance the bass in your songs.
Inside, we have every aspect that is available from Electric Basses, Instrument Basses, Analog Basses, and even 808s. This means you'll have plenty of choices for any kind of track.

SESSIONS: Melody Compositions Compositions That Capture The Artistic Vision of Professional Studio Musicians

This portion of SESSIONS is focused on the vision of every studio musician we collaborated with on this project.
We have taken all our recordings and turned them into vibrant melodies that fit a range of genres and styles and capturing the essence and feel of live performances.

SESSIONS: Drum Breaks Raw Sounding Drum Breaks That Carry The Human Touch of Live Drumming

It's undisputed that the rhythmic element is the main driving factor of live music, which is why we put a lot of our attention to the drumming component in this procedure.
We could capture many insane drum breaks, recording the human touch which is translated into how live drummers work.

SESSIONS: Instrument One Shots Hand Processed One Shots Recorded Directly From Iconic Instruments

On our way to SESSIONS, We were blessed with the chance to play many iconic instruments that have helped shape the history of music.
So we decided to grab one-shot samples of each of them, such as Keys Strings, Woodwinds, Keys Brass, and many more.
