DESIGNED to help you save time.

I've already completed the work to create the 25 unique and distinctive presets that have 100 different designs to turn boring footage into a thermal style. Simply drag and drop them on the footage you want to have the one that suits your taste. So you'll be able to get back to **CREATE!**

The possibilities are **endless!** Spend your time making editing more fun by using the various different ways you can make use of these tools. Experiment with your ideas and impress your clients with your work!
