

Elegance - Animated Handwriting Typeface (Videohive 6903346) - AE Project

2025-02-10 17:03:58 label 我要反馈 下载页面

Elegance - Animated Handwriting Typeface - AE Project 6903346: Elegance is an animated Typeface. It can be used for many occasions such as greeting cards, romantic openers, and Intros. You can change the speed of the animation from slow to fast with 60 frames per second. This allows you to adjust the writing speed without compromising quality.

Unlike other animated typefaces, you don't have to drag each letter into the timeline. Instead, you can write your text in a textbox, and the included Script "EasyType" will import all necessary compositions with a click of a button. The script and template are explained in a video tutorial. A bonus feature was writing-SoundFX.

- CS5 and higher
- No Plugins
- EasyType Script allows for easy control
- High detail
- Videotutorial included
- Writing-SoundFX includes
