Unreal Engine - Environments Swampy industrial zone v5.0-5.2: Introducing a comprehensive collection of over 500 static meshes designed to bring your swampy industrial zone to life. Whether you're building from scratch or utilizing a pre-made stage, this package offers a diverse range of architectural structures, including a gas station, hangar, depot, and garages. Additionally, you'll find a variety of damaged vehicles such as cars, wagons, tractors, and trailers.

- Extensive selection of props for creating a fully-realized swampy industrial environment
- Easily customizable materials for props, allowing for personalized aesthetics
- Implementation of masks for enhanced visualization on larger objects
- Landscape material featuring 9 layers for intricate terrain design, with automatic tiling for improved visualization over long distances
- Vegetation including trees, reeds, grass, and lilies, with many objects featuring overgrown vines that can be toggled on or off
