Jakob Owens LUTS Bundle 1 (vamify)

2025-02-10 16:37:32   label 我要反馈   下载页面

Jakob Owens LUTS Bundle 1 (vamify): All of the LUT Packs are compatible with All Premiere Pro, Final Cut Pro X, DaVinci Resolve, Avid Media Composer, and After Effects.

NOTE: LUT's work best with FLAT Picture picture profiles. However, they're also able to work together with different profiles (just may need to tweak amounts a bit more).

You Get All 3 Packages with Your download. Cube files have been contained, That's the industry benchmark file Kind for LUT editing.
