Unity Asset - Farm Low Poly Style v1.0:

Introducing the LowPoly Village asset pack, your all-in-one solution for crafting charming simulators and tycoon games from scratch.

Containing a total of 107 meticulously designed low-polygon models, this collection includes everything you need to construct your own quaint village setting. From rustic buildings and modular architectural elements to delightful decorations, props, vehicles, foliage, and more, the possibilities are endless.

- Streamlined organization: Models are neatly categorized for effortless browsing and seamless scene management.
- Modular architecture: Create structures of any size and shape with ease using the versatile modular elements provided.
- Adorable low-poly textures: Enjoy charming visuals that exude a nostalgic and inviting atmosphere.
- Efficient polygon counts: Optimize performance without sacrificing visual quality thanks to the low-polygon design of the models.
- Diverse rural assets: Explore a wide variety of rural-themed models, each adding its own unique touch to your village scene.

Whether you're crafting a serene countryside retreat or a bustling rural community, the LowPoly Village asset pack empowers you to bring your vision to life with style and ease.
