How to design a cinema space with starlight?

You can design your project from "Physical Starlight and Atmosphere" in Blender Market.

Where can I download the product?

After subscription, You can download it for free from here.

why over 10,000 customers have chosen PSA (Presets, Speed, Animation) for Blender. PSA offers pre-made presets for quick scene adjustments, real-time rendering for fast and seamless editing, and animation options for vibrant visuals. Its highly customizable interface caters to both beginners and experts, ensuring freedom of creativity. PSA seamlessly integrates with Blender's Eevee and Cycles rendering engines, providing consistency and compatibility. Detailed controls for the sun, binary sun, atmosphere, stars, clouds, and ground plane offer flexibility and realism, making PSA a comprehensive tool for creating stunning visuals in Blender.
