Unity asset - Battle Sound Library – Magic Melee – Fantasy RPG v4.2.0.1:

The "Audio Clip Combiner" offers a user-friendly solution for creating custom combined sounds from hundreds of sound clips and an extensive array of mixes. Craft the perfect soundscape for your project effortlessly with this tool.

Compatibility with Render Pipelines:

- **Built-in Render Pipeline**: Unity's default render pipeline, offering general-purpose rendering with limited customization options.
- **Universal Render Pipeline (URP)**: A Scriptable Render Pipeline allowing quick and easy customization for optimized graphics across various platforms.
- **High Definition Render Pipeline (HDRP)**: A Scriptable Render Pipeline enabling the creation of high-fidelity graphics on high-end platforms.

Magic & Melee Customizable Sound Library:

- Designed for customization and randomization, offering thousands of unique sounds through mix and match of component sounds.
- Customize combinations of magic elements like Air, Earth, Electric, Evil/Dark, Fire, Holy/Light, Ice, Poison, and Water, featuring explosions, hits, warmups, buffs, hums, pulses, spell fizzles, and fails.
- For melee sounds, create combinations of weapon types (Axe, Bow & Arrow, Club, Fist, Shield, Sword) and damage types (Flesh, Metal & Wood targets), with 125 combinations available based on multiple weapon, target, and impact sounds.
- Create hybrid sounds like "Fire Sword" or "Dark Club" by combining magical and melee sounds together.

Audio Clip Combiner:

- **Play Random Sample Button**: Preview sounds before exporting during edit time for enhanced convenience.
- **Folder Upload**: Add all clips from a selected folder or its sub-folders as new layers in the combiner.
- **Extensive Library**: Starts with around 500 individual clips, expanding to hundreds of thousands of possibilities through mixing and matching.
- **Integration Flexibility**: Mix audio from other packages to craft unique sounds exclusive to your game.

With Audio Clip Combiner, unleash your creativity to design immersive soundscapes that elevate your project to new heights.
